

# Enable Terms of Use

This page offers information on how to enable the Terms of Use for a product or a product group in your Storefront.

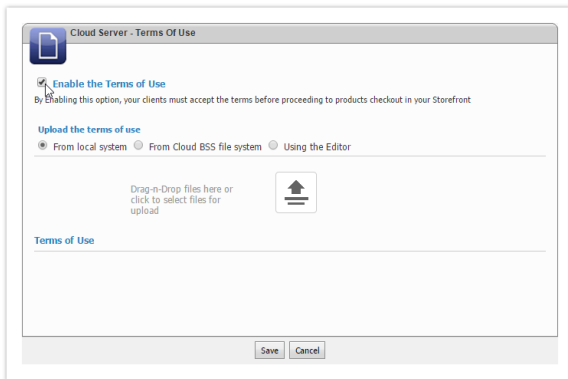

## Enable Terms of Use on Stand Alone Product

In order to enable and configure the Terms of Use for a particular product or product type:

1. Login to **Cloud BSS** and select **Billing > Products**.
2. Select a product from the list of products available in your Storefront.
3. Click on "**Terms of Use**" from the Shortcuts menu on the left.

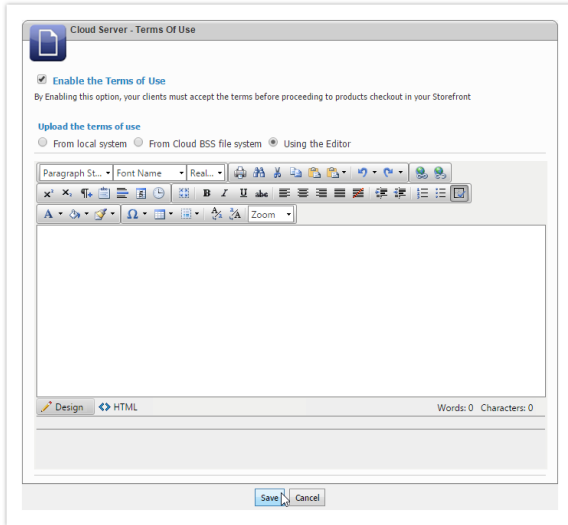

4. Check the "**Enable the Terms of Use**" option. By enabling this option, your customers **must accept** the terms of use for this product **before** proceeding to **checkout** in your Storefront.

## Table of Contents

- [Enable Terms of Use on Stand Alone Product](#)
- [Enable Terms of Use on Product Groups](#)

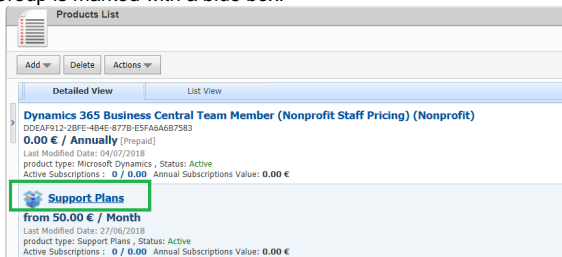

5. **Upload** the terms of use either **From local system** or **From Cloud BSS file system** or by **Using the Editor** and click on **Save**.

## Enable Terms of Use on Product Groups

When one or more subscription products are grouped under a Product Group, then the 'Terms of Use' setting is found on the product group options page:

1. Login to **Cloud BSS** and select **Billing > Products**.
2. Select a product group from the list of products available in your Storefront. Note that a Product Group is marked with a blue box!

3. Click on **"Terms of Use"** from the Shortcuts menu on the left.
